

June 2023

Hello

The Uni Connect project works within Hanson Academy to run activities, workshops and events that help you to understand your options when you leave Hanson Academy. You may have taken part in an activity with your Progression Officer in the past, such as a university campus visit.

As part of the work Uni Connect does, we record which students we work with so that we can evidence to The Office for Students, who fund the project, all the work we are doing. As part of that we will add the details of our students to the Higher Education Access Tracker (HEAT) database and report on which students we have worked with at Hanson Academy.

For more information on why and how we report on your data please see the attached Privacy Notice. **If you do not wish for your personal data to be collected and reported on, please also see information in the Privacy Notice on how you can 'opt out'.**

Any questions, please email your Progression Officer, Andrea Broad, at BroadA@Hanson.org.uk, or speak to her in Room 204.

Yours faithfully

Andrea Broad
Progression Officer, Go Higher West Yorkshire

Adam O'Neill
Associate Assistant Principal
